

LAKE SHORE GOLD

a subsidiary of

PAN AMERICAN
— SILVER —

About the Organization

Lake Shore Gold, a subsidiary of Pan American Silver, is located in Timmins, Ontario. The Timmins West mine is located approximately 18 kilometers west of Timmins, Ontario, one of the world's most prolific gold camps. Mineralization is associated with the Porcupine-Destor fault system within the Abitibi greenstone belt. The Timmins West mine is comprised of the Timmins deposit, the Thunder Creek deposit, and the 144 Gap deposit. All three deposits are interconnected by underground drifts.

The Bell Creek Complex, located approximately 20 kilometers northeast of Timmins, Ontario, consists of an underground mine and processing facility. Mineralization is associated with the Porcupine-Destor fault system within the Abitibi greenstone belt, with ore mined by narrow vein longhole stoping methods. Ore is then transported to surface via a modern one thousand eighty metre deep shaft capable of forty-eight hundred tonnes per day.

About Timmins, Ontario

Timmins is a vibrant community of 45,000 residents that is a central hub for Northeastern Ontario. People can enjoy recreational activities such as camping, world class fishing, nature, and snowmobile trails. Direct flights to Toronto are available at the local airport via multiple carriers. There are many support networks in the community including the local Timmins and District Hospital, local sports leagues for children and adults (hockey, baseball, basketball, etc.), golf courses, both cross country and downhill ski resorts, a community pool, and many other community events that provide entertainment throughout the year - fairs, carnivals, concerts, and more!

About the Opportunity

We are looking to hire a **Core Logging Geologist** to join our **Exploration Office** in **Timmins, ON.**, on a **contract basis**. The contract length is 12 months. The schedule for this position is Monday – Friday 8 hours/day.

Please note that this role requires relocation to the Timmins area and is not a camp-based position.

In this role, you will assist the underground diamond drill group primarily logging core for the Bell Creek and Timmins West mine sites as well as for various regional exploration projects. You also may be required to assist with creating diamond drillhole layouts, entering daily drill statistics and sectional interpretations of the zones being targeted.

More About You

While our ideal candidate has the following qualifications, we welcome applicants who may not meet every criterion to apply.

The following will be critical to successfully performing this role:

- 1-3 years' experience working on diamond drill projects conducting a variety of duties to assist the exploration/mine geologist.
- Familiar with logging, sampling of drill core and core handling procedure.
- Past experience using GPS spotting drill holes, tenching and other field exploration activities is considered an asset.
- Experience using computers and Microsoft office programs.
- Must either be an APGO member or be eligible to apply for APGO or GIT membership in the Province of Ontario
- Applicants must be eligible to work in Canada

As our ideal candidate, you are a motivated team player, and above all, you demonstrate compliance with all health and safety regulations.

About the Benefits

In return for your hard work and dedication you can expect to receive a **competitive hourly salary**, as well as the following benefits:

- Company-paid extended medical, prescription, dental, and vision benefits
- Basic Life/ accidental Life Insurance
- Wellness Spending Account
- Health Care Spending Account
- Employee Assistance Program

Don't miss out on this unique opportunity to take the next step toward your career goals with an industry leader - apply now!
