About the Organization

Lake Shore Gold, a subsidiary of Pan American Silver, is located in Timmins, Ontario. The Bell Creek Complex located approximately 20 kilometers northeast of Timmins, Ontario, consists of an underground mine and processing facility. Mineralization is associated with the Porcupine-Destor fault system within the Abitibi greenstone belt, with ore mined by narrow vein longhole stoping methods. Ore is then transported to surface via a modern one thousand eighty metre deep shaft capable of forty-eight hundred tonnes per day.

About Timmins, Ontario

Timmins is a vibrant community of 45,000 residents that is a central hub for Northeastern Ontario. People can enjoy recreational activities such as camping, world class fishing, nature, and snowmobile trails. Direct flights to Toronto are available at the local airport via multiple carriers. There are many support networks in the community including the local Timmins and District Hospital, local sports leagues for children and adults (hockey, baseball, basketball, etc.), golf courses, both cross country and downhill ski resorts, a community pool, and many other community events that provide entertainment throughout the year - fairs, carnivals, concerts, and more!

About the Opportunity

We are looking to hire a **Drill Coordinator** to join our team at the Bell Creek Mine in **Porcupine, ON.**, on a **full-time basis**. The schedule for this position is Monday-Friday, 8 hrs/day or 4 on, 3 off, 10hrs/day.

Please note that this role requires relocation to the Timmins area and is not a camp-based position.

In this role, you will assist with advanced underground drill programs at the Bell Creek Mine. The successful candidate must have a good knowledge of geology, mining methods, core logging, drill layout procedures and associated safety practices. The main function of this position would be the creation of drill layouts, and the coordination of drill programs with both the drill contractor and mining operations. You will be required to complete formal written reports and other tasks as requested.

Reporting to the Chief Mine Geologist, the Drill Coordinator will have the following responsibilities:

- Create advanced underground drill programs and layouts
- Monitor drilling progress and make necessary adjustments to optimize efficiency
