

LAKE SHORE GOLD

a subsidiary of

PAN AMERICAN
— SILVER —

- **Excellent opportunity to continue your career with an established industry leader**
- **Receive a competitive salary and a wide host of benefits**
- **Develop yourself professionally and contribute to a growing organization!**

About the Organization

Lake Shore Gold, a subsidiary of Pan American Silver, is located in Timmins, Ontario. The Bell Creek Complex located approximately 20 kilometers northeast of Timmins, Ontario, consists of an underground mine and processing facility. Mineralization is associated with the Porcupine-Destor fault system within the Abitibi greenstone belt, with ore mined by narrow vein longhole stoping methods. Ore is then transported to surface via a modern one thousand eighty metre deep shaft capable of forty-eight hundred tonnes per day.

The Timmins West mine is located approximately 18 kilometers west of Timmins, Ontario, one of the world's most prolific gold camps. Mineralization is associated with the Porcupine-Destor fault system within the Abitibi greenstone belt. The Timmins West mine is comprised of the Timmins deposit, the Thunder Creek deposit, and the 144 Gap deposit. All three deposits are interconnected by underground drifts.

About Timmins, Ontario

Timmins is a vibrant community of 45,000 residents that is a central hub for Northeastern Ontario. People can enjoy recreational activities such as camping, world class fishing, nature, and snowmobile trails. Direct flights to Toronto are available at the local airport via multiple carriers. There are many support networks in the community including the local Timmins and District Hospital, local sports leagues for children and adults (hockey, baseball, basketball, etc.), golf courses, both cross-country and downhill ski resorts, a community pool, and many other community events that provide entertainment throughout the year - fairs, carnivals, concerts, and more!

About the Opportunity

We are looking to hire a **Underground Beat Geologist** in a dual role position supporting both the **Timmins West** in **Timmins, ON.**, and **Bell Creek Mines** in **Porcupine, ON.**, on a **full-time basis**.

The schedule for this position is Monday-Friday, 8 hour days (5x2) or 4 on and 3 off (4x3), 10 hour days. This schedule is subject to change to a 5-5-4, 11 hour shift schedule as needed to cover for absences at both mines, reverting to the 5x2 or 4x3 schedule when not providing coverage.

LAKE SHORE GOLD

a subsidiary of

PAN AMERICAN
— SILVER —

Compensation: This position offers a salary range of \$85,000 - \$105,000 annually, based on qualifications and experience.

This is an existing vacancy. The successful candidate may begin as soon as possible.

Please note that this role requires relocation to the Timmins area and is not a camp-based position.

The **Underground Beat Geologist** will perform geology and grade control activities at the Bell Creek Mine. The successful candidate must have a good knowledge of geology, mining methods, core logging, drill layout procedures and associated safety practices. Must have experience with daily grade control functions that include mapping underground and sampling and providing direction to the Mining Department. You will be required to update underground samples and mapping databases and complete formal written reports and other tasks as requested. You may also assist with advanced underground drill programs.

More About You

While our ideal candidate has the following qualifications, we welcome applicants who may not meet every criterion to apply.

The following will be critical to successfully performing this role:

- University degree in Geoscience with current membership in the APGO - Professional Geologist (PGeo)
- 3 years' experience in gold exploration or gold mine environment
- Experience with daily grade control functions
- Knowledge of drill layout procedures and underground safety practices
- Knowledge of 3D modeling software Datamine, Deswik, Deswik Mapper, and Leapfrog will be considered an asset
- Be committed to safety
- Applicants must be eligible to work in Canada.

Overall, you are a motivated team player who demonstrates compliance with all health and safety regulations.

About the Benefits

In return for your hard work and dedication you can expect to receive a **competitive annual salary**, as well as the following benefits:

- Mine Performance Plan Incentive (bonus)
- Relocation Assistance available for eligible positions
- Company-paid extended medical, prescription, dental, and vision benefits
