LAKE SHORE GOLD
a subsidiary of
PAN AMERICAN SILVER

- **Excellent opportunity to continue your career with an established industry leader**
- **Receive a competitive salary and a wide host of benefits**
- **Develop yourself professionally and contribute to a growing organization!**

About the Organization

Lake Shore Gold, a subsidiary of Pan American Silver, is located in Timmins, Ontario. The Bell Creek Complex located approximately 20 kilometers northeast of Timmins, Ontario, consists of an underground mine and processing facility. Mineralization is associated with the Porcupine-Destor fault system within the Abitibi greenstone belt, with ore mined by narrow vein longhole stoping methods. Ore is then transported to surface via a modern one thousand eighty metre deep shaft capable of forty-eight hundred tonnes per day.

The milling facility is a conventional free milling gold circuit consisting of crushing, SAG milling, leaching, CIL and CIP, stripping and refining. The mill currently processes up to 232 tonnes per hour from two separate mines and disposes of its tailings via conventional end of pipe discharge. (used only for Mill postings)

The Timmins West mine is located approximately 18 kilometers west of Timmins, Ontario, one of the world's most prolific gold camps. Mineralization is associated with the Porcupine-Destor fault system within the Abitibi greenstone belt. The Timmins West mine is comprised of the Timmins deposit, the Thunder Creek deposit, and the 144 Gap deposit. All three deposits are interconnected by underground drifts.

About Timmins, Ontario

Timmins is a vibrant community of 45,000 residents that is a central hub for Northeastern Ontario. People can enjoy recreational activities such as camping, world class fishing, nature, and snowmobile trails. Direct flights to Toronto are available at the local airport via multiple carriers. There are many support networks in the community including the local Timmins and District Hospital, local sports leagues for children and adults (hockey, baseball, basketball, etc.), golf courses, both cross-country and downhill ski resorts, a community pool, and many other community events that provide entertainment throughout the year - fairs, carnivals, concerts, and more!

About the Opportunity

We are looking to hire a **Mine Engineering Co-op Students (8,12,16 Month Period)** to join our **Bell Creek and Timmins West** team in **Timmins, ON.**, on a **full-time basis for (8,12,16 Months).** The schedule for this position is Monday-Friday, 8 hrs/day or 4 on, 3 off, 10hrs/day.

LAKE SHORE GOLD
a subsidiary of
PAN AMERICAN SILVER

Compensation: This position offers a base salary of $27.50/hourly.

Vacancy Status: This is an **existing vacancy for /Jan or May 2027**.

Please note that this role requires relocation to the Timmins area and is not a camp-based position.

The role of the Engineering Co-op will be to work closely with the engineering teams and will be assigned various duties pertaining to engineering. Reporting to the Senior Engineer, the **Engineering Co-ops** will have the following responsibilities:

- Assist the planning, ventilation and surveying personnel in their day-to-day activities
- Work both on surface and in underground environments
- Data entry, filing, and excellent computer skills will be required
- You will be required to work with Deswik, Ventsim, and Microsoft Office

More About You

While our ideal candidate has the following qualifications, we welcome applicants who may not meet every criterion to apply.

The following will be critical to successfully performing this role:

- Students must be currently enrolled in a mining engineering program to be eligible. Proof of eligibility is required. The successful candidate will demonstrate Lake Shore Gold's core values in Safety Health and the Environment and will meet the requirements of its Code of Conduct.
- Students must have access to a vehicle or arrange car-pooling as public transportation is not available.
- Company provided living arrangements are available. The placements will run from January and May, 2027.
- Applicants must be eligible to work in Canada

Overall, you are a motivated team player who demonstrates compliance with all health and safety regulations.

About the Benefits

In return for your hard work and dedication you can expect to receive a **competitive annual salary**, as well as the following benefits:

- Flexible Work Schedules
- Company provided living arrangements are available
